HD 720P PIR Wireless Pan & Tilt Camera

The HomeGuard HD 720P PIR Wireless Pan & Tilt Camera is a simple to use 720P IP camera that can be conveniently positioned within the home (within wireless range of your internet router) and remotely controlled from your computer, tablet or SmartPhone. It features great picture quality, capturing video in full HD 720P at 30 frames per second, includes a built-in microphone and speaker to allow you to listen and speak back to where the camera is located, a micro SD socket to capture video onto a micro SD card (up to 64GB, not included), PIR (passive infrared) sensor to detect human and pet movement and a wealth of other great features. If you want a simple surveillance product to protect your home or a discreet way to monitor (and listen/speak to) children, elderly relatives or pets wherever you are in the world, then this is the ideal solution for you.
